MEMORANDUM FOR: Director of Information Services

STAT FROM: [REDACTED]
Deputy Director of Security
Policy and Management

STAT SUBJECT: Commendation for [REDACTED]

STAT 1. [REDACTED] has served for a number of years as the Directorate of Administration, Information Review Officer in a role which is both difficult and demanding. Most certainly there are many occasions when he finds himself in the middle of conflicts by managers who hold very emotional strong views on issues.

STAT 2. This is to advise that, in my opinion, [REDACTED] serves in an exceptional manner as a highly qualified officer--one who has a unique knack of developing solutions to difficult and complex problems. He is blessed with a good personality, along with an abundance of tact and diplomacy. Much more to the point, Chuck has very perceptive insights and he communicates his position in a clear logical and articulate manner. He is both liked and respected in the Office of Security, and I feel certain that other components similarly find him to be a fine person with whom to deal.

3. I am often quick to criticize, and entirely too slow in presenting appropriate praise. After these many years of taking Chuck for granted, I thought it was about time to document the record concerning our collective favorable opinion. He performs a very valuable function.
